Form 2316

Short-Term Disability Top-Off Election

Instructions:

- 1. Use this form to elect a short-term disability (STD) top-off with your accrued paid leave hours (i.e., paid time off (PTO) or sick [paid sick leave then legacy sick leave]). If you do not take affirmative steps to make this election, then there is "no top-off."
- 2. This form must be returned to leaves@lanl.gov at least two weeks prior to the STD benefit reduction in order to avoid delays in payment. This election is irrevocable.

Important information about how STD top-off election works:

- STD pays 100% of your base pay for seven weeks and then is reduced to 60% of base pay for the remainder of the approved STD benefit period. You may elect to use your accrued paid leave hours to top-off the income you receive from disability insurance when your income has been reduced to 60%, so as to achieve 100% of your base pay.
- By electing the top-off, your paid leave hours will be used to pay you the remaining 40% of base pay.
- Triad will pay STD top-off amounts on the regular bi-weekly payroll schedule. As with payroll checks,
 Triad will deduct tax withholdings, benefit premiums (including satisfying deductions that are past due),
 and retirement plan contributions from the gross payment amount.
- If STD top-off is insufficient to cover your benefit premium deductions, it is your responsibility to make arrangements to pay Triad the premiums due.
- You may change your 401(k) deductions at any time through Fidelity NetBenefits.
- Benefit elections such as medical insurance and flexible spending contributions may only be made during
 Open Enrollment or due to a life event, including the commencement of and return from disability leave.
- STD top-off will stop when there are no remaining paid leave hours available based on the election made.
